**Baptist College**

what's it  
to ya'?

To most people, that's just it — the people. Everyday, ordinary, unusual — people. Day students, dorm students, administrators, teachers, professors, commuters, athletes, boys, girls, men, women, fun people, bores, brothers, sisters, preachers, prophets, senators, runners, mudsliders, musicians, listeners, daters, loners, partners, students, lovers, entertainers, missionaries, scientists, yankees, rebels, republicans, democrats, talkers, intellectuals, scholars, workers, drivers, editors, secretaries, sleepers, —

just about any kind of people — somehow Baptist College attracts them.

In our memories of our year, the buildings fade, the classes fade, the assignments, convocations — the memories of everything else fade except the memories of the people.

Someone once said, "People are the world's greatest commodity," and a day at Baptist College will prove that point.

People — involved and active. The campus provides the setting for students to become involved in sports, athletics, clubs, organizations, student government, publications, and most of all become involved with other people.

**MAY COURT:** Sandy Bonds; Cheryl Bowman; Caroline Davis; Diana Gore; Beverly Cook, May Queen; Karen Lee; Brenda Bolchoz; Beth McMillan; Pam Black.

**Pam Black**

**"Intwining my life with other people's lives has changed me. I have become what you are, you have shared your life with me.**

**I have seen your good, I have seen your bad, I have accepted you. Perhaps I have been able to share a part of me with you. You are people and I like that."**

One thing common to all people, especially Baptist College people is . . . food. Breaking bread together in almost any form, any place, at almost any time. Chow time — when you think of Baptist College your stomach turns to thoughts of hours in the canteen, pool cue in hand, snack bar nearby, and the ever faithful cafeteria. Yet those thoughts center around the people you were with, laughing at the food and more or less eating. Whoppers, Big Macs, Super Doopers, hoagies, Chick Filets, hot fudge cakes, pizzas, peanut butter and jelly, never-ceasing salads (minus the tomatoes), strawberry pies, Pringles, popcorn, grilled ham and cheese, instant tea, Big Boy combinations, number one, All-American to go, all the way . . .

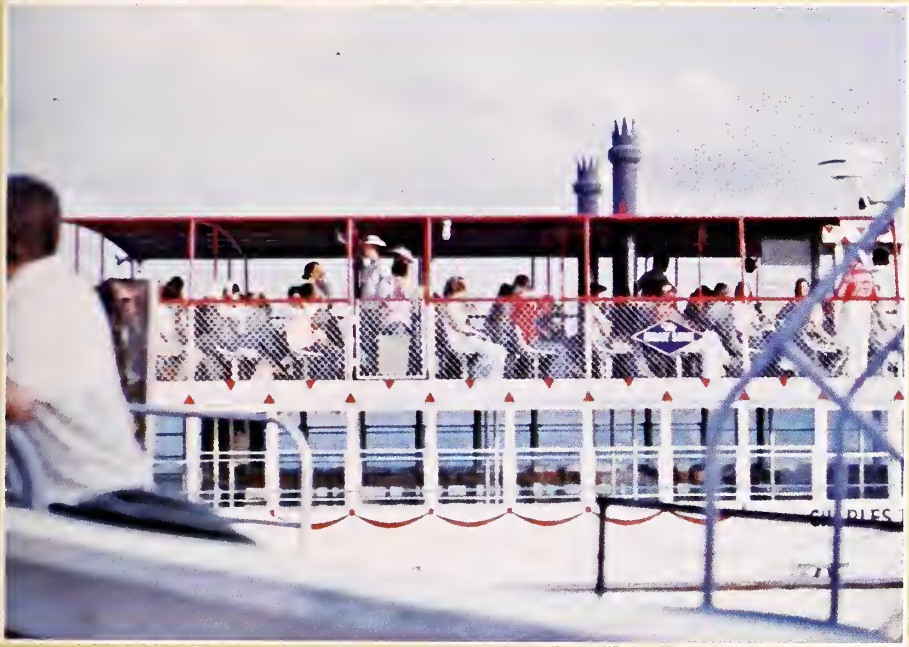

We get acquainted and sometimes we get close, and sometimes we get engaged, and sometimes we get married, and sometimes we just leave. We reach out and touch here on our campus, our special campus, that touching leads, has lead, and is leading to unforgettable relationships with people all around campus. Our roommates, our suitmates, our classmates are very important people. They are what make Baptist College a very special place.

So, Baptist College at Charleston,  
 what's it to ya? The people most of  
 all. We are learning in so many ways.  
 We are growing in so many ways.  
 We mature  
 spiritually,  
 physically,  
 socially,  
 mentally,  
 individually,  
 We develop.  
 We strive.  
 We hope.

"Living together . . . growing to-  
 gether, just being together, that's  
 how it starts, and if things go wrong,  
 we'll still get along somehow, living  
 and growing, together."

### Baptist College — what's it to ya'?

A place to watch our dreams grow, and sometimes to see them shatter. Why do we stay here? Because we kinda' like it here, some of us even love it here. We have been affected by this place some of us call "home".

College — what a strange way to live a life.

# Beverly Cook — May Queen

Beverly Cook and her Maid of Honor, Karen Lee, began their reign over May Week festivities when they were crowned at Convocation. The Performing Arts Society presented the play "The Ugly Duckling." May Day festivities ended with a colorful climax when tradition was broken and the May Court wound the may pole.

# BLACK HISTORY WEEK

"In the struggle of Blacks to find acceptance in the mainstream of American society, the 'new' Black is revealed to be the same Negro who was there all the time. Only now, he is more visible and more effective." These were the thoughts of William B. Davis, deputy assistant director in the U. S. Information Agency as he spoke in Convocation during National Negro History Week.

A series of special events were planned for the week. Guests such as William B. Davis and Joe Riley, Jr. were present. Included in the week's events were a panel discussion, a music and drama presentation, a Bicentennial fashion show, and a grass weaving demonstration.

# 1976 SENIOR LUAU

Hawaiian music set the scene for the Senior Class Luau on May 10, 1976. The event was held at the Blue Hawaiian Restaurant in Mount Pleasant. It was sponsored by the Department of Development.

Dress was casual in the Hawaiian tradition as the guests feasted on such unusual dishes as moo goo gai pau and fried rice. Although there was no dancing, the Hawaiian music and food set the stage for an enjoyable evening.

# Spring Concerts 1976

BCC students were drawn to an exciting evening of mellow soul as singer Roberta Flack (5) performed her greatest hits. The concert opened in Gaillard Municipal Auditorium with singer-guitarist Donal Leace (2).

The "crowd-pleasing" Monty Alexander Trio (4) added special highlights to Convocation and an evening concert in the campus theatre as they produced easy-listening instrumental jazz. Students were also able to witness a concert of steady rock and a new brand of country with Shiloh Morning (3).

# LITTLEJOHN PARLOR —

All the night life at Baptist College is centered in Littlejohn Parlor. What is there to do there? Watch T.V., play the piano, study, talk, sing, laugh, cry, fight, everything — some even sneak in a little PDA!

Littlejohn Parlor now has a rival — Russell Hall Lobby. This beautiful new lobby is a favorite place for most avid television watchers.

# WORK STUDY — “what’s it to ya?”

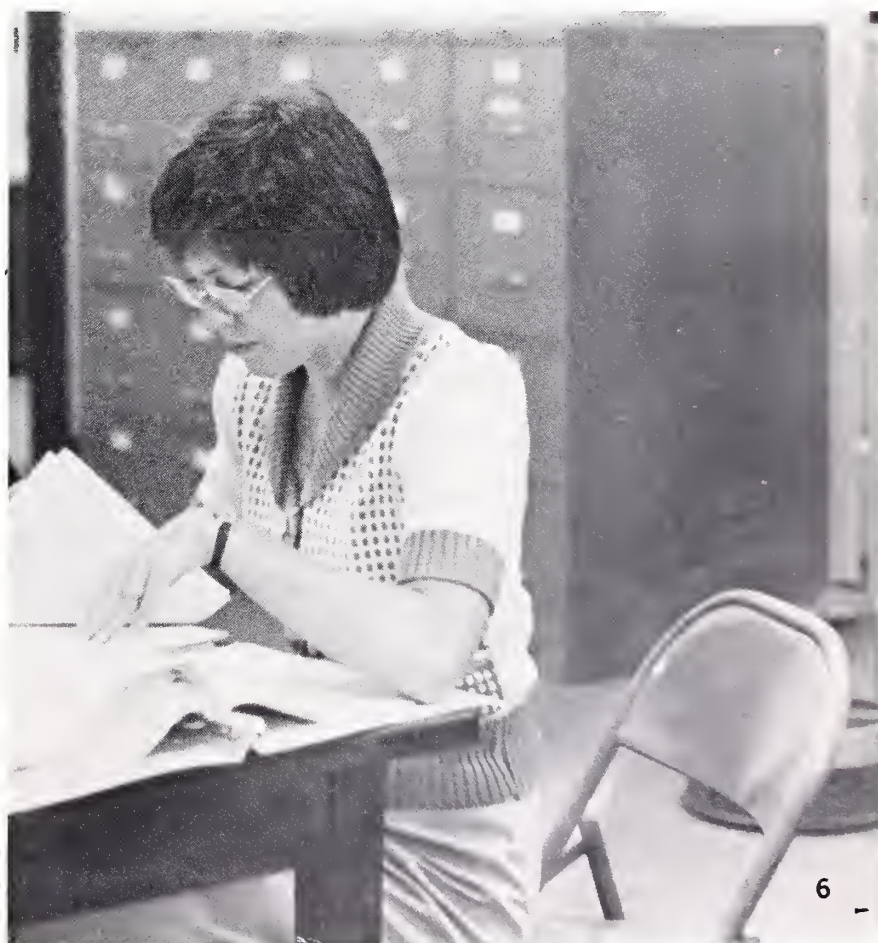

For many students work study can be pure drudgery or it can be the answer to financial worries. To some students, work-study means having less time for studying, eating, or that refreshing afternoon nap. On the other hand, work-study isn't as toilsome as it sounds. Students can work out their own schedule, get experience, and help relieve their financial burdens.

1. Larry Longhorne is exhibiting his working abilities for the photographer.
2. Leah Hall and Kathy Burckhalter display their typing skills in the Student Services office.
3. Maxine Greene of Business Affairs: "Oh no! I've stapled this paper to my hand!"

# CONVOCATION — what's it to ya?

Convocation is . . . a variety of guests . . . a good time to see my friends . . . a chance to meet outstanding people . . . a time of togetherness . . . speakers . . . a time of worship . . . a display of talent by students . . . an outlet from classes . . . a BCC tradition.

Convocation presented a variety of speakers and groups to students this year. Among the speakers were Shirley Cothran, Miss America 1975 and Albert Sabin, developer of the polio vaccine. The Pat Terry Group and the Ambassadors of Christ Crusade were two groups who performed. "The Aces," a famous frisbee team, added a different twist to convocation.

# BUC ROOM

The Buc Room has expanded, and students can enjoy a larger and better facility. A larger menu is also available to students.

When a student needs a break from studies, he can go to the Buc Room and find a variety of games to play. Pin Ball, Air Hockey, Pool, and Electronic Hockey or Tennis are among the games available. Better service to the students is what the Buc Room is all about.

1. Students try out the new tennis game in the Buc Room.
2. Repairs are made on the Pin Ball machines.
3. Buc Room workers enjoy a short break.
4. A game of pool is a break for some students.

# Halloween On Campus — Tricks Or Treats?

The 1976 Halloween Carnival, Baptist College's largest ever, provided students and visitors with a lively night of action and fun. More clubs participated than ever before, using booths from horror houses and jails, to sponge throws and dunking machines, all in an effort to raise funds for worthy projects.

# FALL '76 CONCERTS

Fall '76 meant excitement and entertainment to students as Baptist College sponsored the ever-popular England Dan and John Ford Coley concert. Their hits include — "I'd Really Love To See You Tonight" and "Nights Are Forever". Performing along with England Dan and John Ford Coley, was Starbuck, a seven-man easy rock group from Atlanta, Georgia. With such hits as "Moonlight Feels Right", Starbuck captivated the large audience in Gaillard Municipal Auditorium.

Since there was only one performance, Baptist College students flocked to the Student Government window to insure themselves of a ticket and seat.

1. The extremely gifted artist, Dionne Warwick appeared before students in the Municipal Auditorium performing her award-winning hits, such as "Do You Know The Way To San Jose" and "Walk On By". The auditorium was filled with Dionne Warwick fans yelling and cheering for more. She truly is a crowd-pleaser!
2. Charity is a contemporary gospel group dedicated to winning others to Christ. Made up of college-age young people, they have given a year of their lives to serve in this ministry.

Charity created an atmosphere of praise and worship for Baptist College students in the Gold Room. They performed a number of songs ranging in style. They also shared scripture and testimonies. Everyone there was touched by their performance. Charity — love — that's what it's all about.

3. Tom Chapin, of the former "Let's Make A Wish" television show, entertained students in the Baptist College theatre with his unique style of music. Since he was his own one-man band, he asked the crowd to help him out in singing several of his songs. For one number, the crowd supplied the rhythm by shaking their keys while he sang.

# CHRISTMAS

Decorating for the President's Reception

Miss Baptist College, Cookie Johnson, and SGA President, Donnie Simmons greet guests.

Christmas at Baptist College is a big event. Decorations and happy faces provide a cheerful atmosphere, even in the midst of exams. The President's Reception, given by Dr. and Mrs. Hamrick each year, is something that faculty, students, and parents all look forward to and have a chance to participate in. It's one of the many ways that we all try to gather ourselves together to share the joy of Christmas.

Decorations . . . Food . . . Welcoming lines . . . all a part of Christmas! Below, Genie Schipmann gives us a smile.

# WHO'S WHO

There were thirty-two Baptist College students chosen this year for the publication *Who's Who Among American College and University Students*. They were selected by faculty and students. These students are leaders in every phase of college life and are being recognized for outstanding achievement in almost every realm of the college.

# CROSS COUNTRY

Francis Mwobobia, a sophomore from Kenya, again was the leading performer on the 1976 Baptist College cross country team.

Mwobobia and the team got off to a slow start but after rounding into top shape gave some outstanding performances. The defending state collegiate champion, Mwobobia defended that title in a meet at Furman on Oct. 23.

He was joined on the 1976 squad by fellow Kenyan Anderson O'Bare who proved to be one of the leaders until sidelined by an injury in the third meet of the season. Another newcomer who aided the team's efforts was David Luhrs, a South Carolina prep star at Bishop-England.

Other members of the 1976 squad were Terry Bradwell, Rob Goehring, Greg McCraw, Mark Embler, Bob Heslin and Jack Bahnsen.

Dual-meet victories over William & Mary and Clemson highlighted the 1976 track and field season for Baptist College.

At the mid-season point of the year the Buccaneers had won five straight dual meets and run their victory streak to 13 in a row. Other victories this season came against Voorhees, Pembroke and The Citadel.

The impressive victory over William & Mary (79-66) was keyed by the running of Albert Miller, who sat a track record and tied a school mark with a 9.5 for 100 yards. His winning time of 21.2 for the 220 was the second fastest ever run by a Buccaneer. William & Mary has dominated track in the Southern Conference for a number of years.

The victory over Clemson was even more unexpected. Running a dual meet away from home for the first time in three years the Bucs got some strong showings in the running events to ease away from the Tigers, 80-70. Tom Reid sat Clemson track records of 21.7 in the 220 and 47.6 in the 440; and freshman Francis Mwobobia earned firsts in the steeplechase and three mile run to key the win.

Later in the season the Buccaneers were to defend their titles in the Furman Invitational and the MAIA District 6 meet; and were to compete in the State Collegiate Meet at Clemson, which was resumed after a three year interruption.

Other meets the Bucs were scheduled to compete in during 1976 were the Florida Relays, the Tom Black Classic, dual meets against East Tennessee and Florida State and the NAIA Championships.

Although a number of injuries hampered the team, the overall success of the dual meet season brought Baptist College a winning team for the 11th consecutive season.

In addition, a number of members of the squad qualified for the nationals, many of them for the fourth straight year.

Through the early part of the year the scoring was led by Rogers Ideozu. The Nigerian junior had scored 54 points in five meets and at that point Joe Kraus was second with 40 points, although a broken leg put him out for the duration of the season.

In addition, Reid continued his move toward the top of the ladder in all-time points scored here. Reid had 319, 54 shy of the school record, with seven meets remaining. Senior sprinter Ronald Jackson also moved into the top 10 with 173 points in his four years, and seemed a sure bet to move higher before the season ended.

The Baptist College baseball team will have one of its strongest hitting teams ever to face the 1977 season.

A large cast of experienced players return from the 1976 season when seven new team batting marks and six individual records were established.

Although the 1976 squad finished with its first losing record (12-14) in four years, the team batting average of .263 indicated its strength in that department. Coach Bill Bustle hopes he has overcome some of his pitching woes with the addition of some newcomers for the 1977 schedule.

Mark Parrish, who established a new batting record in his freshman year of .412, heads the list of returnees, which also includes infielders Tommy Wilkie, Richard Hellman, and David Barry; outfielders Larry Lane, Edmund Burnes, and Jay Welch; and pitchers Ronnie Miles, Mike Benfield, Kent Mouzon and Nicky Carder.

The Buccaneers will play a 33 game schedule during the spring, beginning at South Carolina on February 26. There are 18 home games included.

# GOLF: FUN IN THE SUN

Three returning lettermen are the backbone of the Bucs when they take to the greens in their spring season. According to Coach Danny Monk, the highlights of the '76 season were the state championships in Hampton and the invitational match in Miami, Florida. The team enjoyed the fun in the sun while concentrating on some serious golfing. Small but powerful is the best way to term the Bucs golf team.

# MEN'S TENNIS TEAM PLAYS FIRST FULL SCHEDULE

Last Spring, the Baptist College Men's Tennis Team completed its first full schedule of inter-collegiate competition. The team was initiated under the capable leadership of Coach John Christian with Seniors Darrell Smith and Randy Wenzel as Captains. Although the team was new and relatively inexperienced, a tremendous amount of enthusiasm was generated by the team members. This enthusiasm will contribute to successful matches in the future.

## SOCCER

In their first year of intercollegiate competition, the Baptist College Soccer Club compiled a record of 6 wins, 6 losses, and 2 ties. The Bucs were led by student-player-coaches, Eddie Dukes and Frank Cothran. Evident in the Bucs soccer play were outstanding performances on the field by Nigerian student, Rogers Ideozu, (chosen Most Valuable Player), Anthony Pelton, and Dale Mattox.

With assistance from Coach Chuck Welty of the Athletic Department and Mr. James Young of the Development Department, the young team was able to secure a playing field and some necessary equipment. Having had a good first season, the team has high hopes for their future as the "up and coming" sport on the campus.

# Women's Basketball — A Determined Spirit

The 1976-77 women's basketball team started the season with a new coach and a young team. Carol Turner took over the coaching duties for the season and led a team of twelve members. Only three seniors were on the squad which means that many players will return.

The team showed great potential as the season progressed. Facing an eighteen game schedule meant hours of practice and travel. Women's basketball is truly a growing sport at Baptist College.

# BUCS ARE DYNAMITE

With seven new recruits to combine with the six returning players, Coach Danny Monk and the Bucs faced the 1976-1977 season optimistically and energetically. The season started on a bright note as the Bucs defeated USC-Aiken. Although the Bucs' December record wasn't up to expectations, they came roaring back after the holidays with a sound victory over The Citadel, the first time Baptist College has ever beaten them. The Bucs showed steady improvement against their usual tough schedule. There is still a long way to go, but with more hard work and successful recruiting, the Buc basketball program will become a winning one.

Student Activities coordinates all activities on campus and works with the SGA to create new and interesting activities. These include such things as movies, concerts, and special programs. The Placement office not only helps students in finding jobs after graduation, but it also assists students in finding employment during the school year. Financial Aid helps each student find ways to cover college costs and is always willing to do whatever can be done. Would you like to know more about the faculty? The Annual staff has attempted to help by re-designing the Faculty section this year, so that it can be used by both old and new students to learn more about their professors. The section is arranged in alphabetical order. Along with the professors' names and degrees the courses they normally teach are listed. Also included is a short paragraph containing information on where they attended school, where they were born, what their favorite pastimes are, and what their favorite scripture or quote is. This information was attained from questionnaires sent to all faculty members.

Baptist Young Women study, support, and engage in mission activities. BYW has adopted a Grandmother and supports a Bangladesh orphan.

They have prayer retreats, state-wide house-parties, and seasonal mission studies. They also sponsor "Daisy Day" and "Witchy Poo".

In keeping with the religious emphasis of their club, the Baptist Young Women chose as the setting for their picture the interior of the historic St. James Baptist Church in Goose Creek.

# Ministerial Alliance

## Organization For Those Preparing For Church-Related Vocations

Students planning careers in church related and other Christian vocations have increased in number during the past three years. Over 400 students at Baptist College have indicated their desire to go into some form of Christian service as their life's work. Not only do many students plan careers as pastors, missionaries, and ministers of youth, music and education; but also, many students plan to serve Christ through careers in nursing, law enforcement, business, teaching, coaching, medicine and many others. The Ministerial Alliance tries to provide resources for inspiration and information related to Christian service. Floyd Parker has served as president of the Ministerial Alliance and Becky Drawdy has served as secretary during this year. Meetings of the Ministerial Alliance have been at various times to provide the opportunity for students to meet outstanding leaders in Christian service, to meet and dialogue with the president of the college, to meet representatives of the seminaries to which many of the students will go after graduation, and for fellowship and sharing among themselves.

Most of the students planning Christian careers are already engaged in church work on a voluntary, part-time or full-time basis. The new program of Directed Work Experience through the Religion Department along with continuing efforts to place students in church related work provides opportunity and supervision for many students in Christian service.

Christian students on campus participate in student-led Bible studies, prayer groups, action groups and training in Christian witness. A number of student-led organizations meet regularly to study methods of sharing their faith with others and planning systematic efforts to reach others with the good news of Jesus Christ and His love.

The Catholic Student Union is new to our campus this year. Of the 50 Catholics at Baptist College, 20 have joined and are active in their organization.

They meet with the College of Charleston Catholic Union often. Two functions that they shared were a dinner and a political debate between a state senator and a Charleston attorney.

The Catholic Student Union is new, but it shows great promise of being one of the best organizations on campus.

The Singing Buccaneers have performed for churches and schools across the Southeastern states on their annual spring tour.

# ESCAPE THY NEIGHBOR

If you are weary and tired of the topside world, why not join us underwater? Be comforted by the sounds of silence, the serenity of flowing schools of graceful fish and the constant sway of multi-colored sea life.

For those who hunger and thirst, there abound sea food delights roasting over open, friendly fires, shared on boat trips to and from dives, enjoyed in the company of fellow divers.

## The Past is Prologue

We look backward . . . to see into the future . . . Coming events cast their shadows before them. . . .

The past year at Baptist College, now a memory-in-the-making, is also a glimpse into our future.

Much of the past year is already a dimming recollection. Only essences of experiences, remaining imprints from encounters with individuals, well rehearsed facts and the stars — or scars — that are results from tests of our invested intellects and emotions, remain.

Ideally, all of us grew — consciously or unconsciously, willingly or reluctantly — intellectually, socially, and spiritually. What will continue to remain will be the developing seeds of what this past year at Baptist College brought into our lives.

Some of us found the year hard going, tediously difficult. Some of us found excitement, entertainment, enlightenment, romance, encouragement, challenge and inspiration. New horizons were available to all who would raise their heads. But the real results of the year, the full story, the whole truths, will be forthcoming gradually and certainly, for as long as we live.

Baptist College . . . what was it to us this year? It was, is, will be, a mutual episode uniting us forever.

# **JOYCE LISENBY MARKUSEN**

**Advisor To The Cutlass 1971 To 1977**

She came to Baptist College at the time in her life when many important things were happening. Jack Markusen, just out of the Air Force, had come to Baptist College to complete college work. When he and Joyce were married, overnight they became 'parents' to the entire dormitory. Together, Joyce, as dean of women, and Jack, as "man of the house", fulfilled responsibilities of counselors, comforters, electricians, plumbers, auto mechanics, disciplinarians, rescuers.

After Jack went to Dental School, Mrs. Markusen took on responsibilities of a slightly different nature, but with even greater importance. She was made advisor to handicapped students and helped to build to Special Needs Program at the college.

Next she became Assistant Vice President for Student Affairs and Director of Counseling. She was more and more recognized as one who set high standards and a high example in whatever she was doing.

The 1977 Cutlass is proud to have the privilege of this special recognition of one who has been an anchor to the yearbook staff for several years and a friend to countless students in countless ways. BCC will be forever marked by the influence of Joyce Markusen.

. . . something else. We've been through so much together. Sometimes I wondered if we'd make it. Many times I thought we'd go crazy. If worrying made an annual, I'm sure we'd have the best annual in the state. Putting out an annual has been a lot of hard, hard work, but a great deal of fun, too. Many memories from this year will be carried with us forever. Those of us who have put this year's CUTLASS together have captured some unforgettable moments. We have tried to put together an annual that would please everyone, but in doing this we have discovered this is impossible. We did our best and we hope when looking through this annual, you will find the remembrance of some happy moment in your life here at Baptist College.

To my staff — I want to thank all of you for doing your part and especially you who did more than your part. I would especially like to thank anyone who helped in the making of this annual.

May God bless each of you.

## **BCC HISTORY**

**We have a heritage . . . of a great vision of great visions . . .**

**Baptist College has a heritage from individuals capable of taking "the long look"  
. . . with the heritage of faith that has been transmitted through generations . . .**

**We have a heritage of invested strengths, loyalties, sacrifices, zeal . . . We have  
a heritage of believers . . . in what could and what can be done . . . of things that  
we believed MUST be done . . . a heritage of leaders, light givers and stubborn  
optimist . . .**

**We have had, and we still have, our dreamers, our idealists, our developers and  
our devil's advocates to keep us tempered with realities.**

**We have, and we have always had, stormy public leaders and serene and prayer-  
ful supporters whose names never appear in any program or in any newspaper.  
In these eleven years, we have had our academic geniuses and our financial  
wizards, our dedicated and our superficially concerned . . . We've celebrated  
births . . . and mourned deaths . . . in facts and symbolically.**

**We are a cross-section of America . . . We are the skeptical, and we are the  
devout. We are the 'till-death-us-do-part', the born-and-bred-in-the-briar-patch,  
loyal-no-matter-what. We are the contemplative, and the 'we-will-wait-and-see'  
skeptics. Single minded searchers come here to get all the education they can  
achieve, on the way to higher things: others come for a variety of other reasons  
. . . all creating a mosaic of fascinating motivation and movement. We are  
freshmen, faculty, founders, and 'folks' . . . We are alumni, and administration;  
we are staff and seniors: we are trustees and teachers; workmen and worship-  
pers; we are sophomores' and scientists, nurses and airmen, athletes and IBM  
. . . juniors and SGA, we are "Buccaneers".**

**In the fall of 1965, we were called 'the instant college', having sprung up, it  
seemed, overnight — after nearly ten years of surveys, committee reports,  
research, fund raising campaigns and convention excitement.**
